OBJECTIVES OF THE PROGRAMME:

The students will be able to learn,

- To De worm all children (boys and girls) aged 1-19 years (enrolled and non-enrolled) at schools and for improved child health.
- To improve nutritional status.
- To access education, and quality of life.
- As a National Policy, all target population are administered a single dose of Albendazole 400 mg chewable tablet simultaneously on the same day .

REPORT OF THE PROGRAMME

The program started at 12.00 P.M in seminar hall. The principal and faculty members of this college spoke about importance of de worming and its importance. ANM and ASHA worker distributed de worming medication to all the students. As a National Policy, all target population are administered a single dose of Albendazole 400 mg chewable tablet simultaneously on the same day. More than 190 students of this college attended the program.

OUTCOMES:

Deworming can help increase little one's nutritional uptake and manage infections like anaemia or even loose bowels. Moreover, it also helps reduce worm infection that occurs in the community. Deworming will also lower the chances of hospital admission of kids owing to abdominal pain.
